## VIBE & DETAILS

Immaculate, strategic, quietly ruthless. Co-creator of Heartmere and Naomi's center of gravity. Victoria is the gravity that holds Heartmere together. While others came to escape the world, she came to build a better one. Always dressed in impeccable white linen, she treats the island not as a vacation spot, but as a masterclass in living. She speaks rarely, but when she does, the room aligns to her will.

## PRIMARY HEARTMERE ROLE

Managing director and world-builder of Heartmere's overall concept and standards.

## AFTER HOURS HEARTMERE ROLE

Strategic mentor for the staff; private one-on-one "life design" talks in her office.
